

CLINICAL SYMPOSIUM

PROGRAM

5:30-6:15 PM Registration / Buffet Dinner

6:15-6:20 PM Greetings from CSHP BC Branch Executive Council

6:20-6:30 PM CSHP 2015 Update

6:30-7:00 PM **Antipsychotic Drugs in Children & Adolescents - Over-Used or (Under)-Understood?**

Dr. Dean Elbe, PharmD, BCPP

Clinical Pharmacy Specialist - Child & Adolescent Mental Health, BC Children's Hospital

The purpose of this review is to discuss the perceptions and the evidence regarding appropriateness of the observed trend of increasing utilization rates of antipsychotic medications in children and adolescents (a 4 to 18 fold increase in use from multiple samples in a variety of practice areas over the last 15 years).

7:00-7:15 PM Break / Dessert

7:15-8:00 PM **How and Why We Use Rituximab in Rheumatology**

Dr. Kam Shojania, MD, FRCPC

*Clinical Professor and Head, UBC Division of Rheumatology
Head, Vancouver General Hospital and St. Paul's Hospital Divisions of Rheumatology
Program Director, Rheumatology Postgraduate Program*

This presentation will review the use of rituximab in the treatment of rheumatoid arthritis and granulomatosis with polyangiitis (formerly called Wegener's Granulomatosis).

8:00-8:45 PM **Days of a Heart Valve's Life - A Pharmacist's Approach to Valvular Disease**

Dr. Erica Wang, BScPharm, PharmD, ACPR, BCPS

Clinical Pharmacy Specialist - Cardiac Surgery, St. Paul's Hospital

An overview of valvular heart disease will be provided with highlights from the new 2014 American Heart Association Valvular Heart Disease Guidelines most applicable to pharmacists. Topics to be discussed include: valve anatomy, physiology, pathology, epidemiology, etiology, management options, prosthetic valves, and anticoagulation.

Learning Objectives for Clinical Symposium 2014:

1. To expose attendees to clinical topics/controversies in pharmacy practice.
2. To improve the knowledge of attendees in various areas of pharmacy practice.
3. To help attendees keep up-to-date with pharmacy practice in the areas of child & adolescent psychiatry, rheumatology, and cardiology.

This program has been submitted to UBC Continuing Pharmacy Professional Development for review for Continuing Education Credits
